IT'S A BRAND NEW DAY WITH BRAND NEW WORK

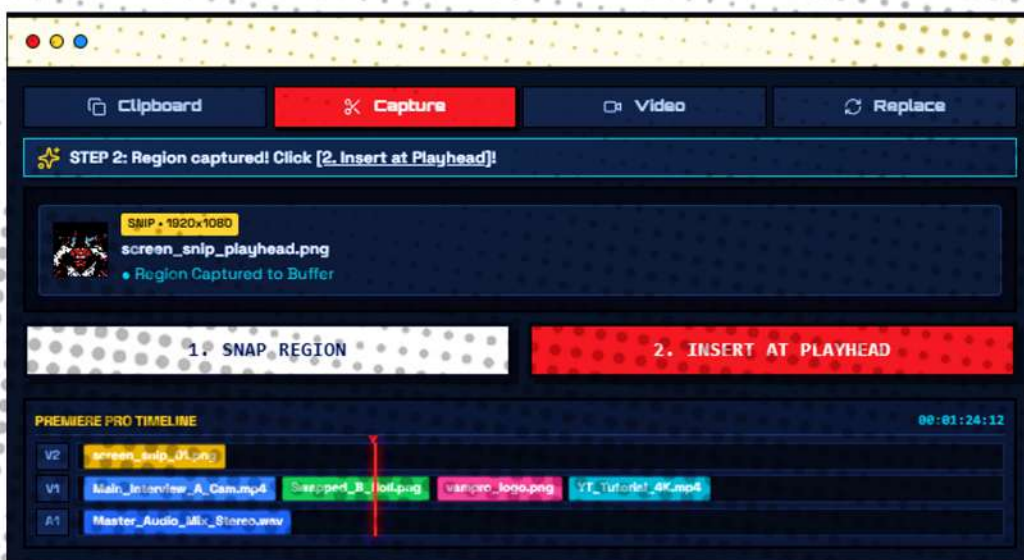

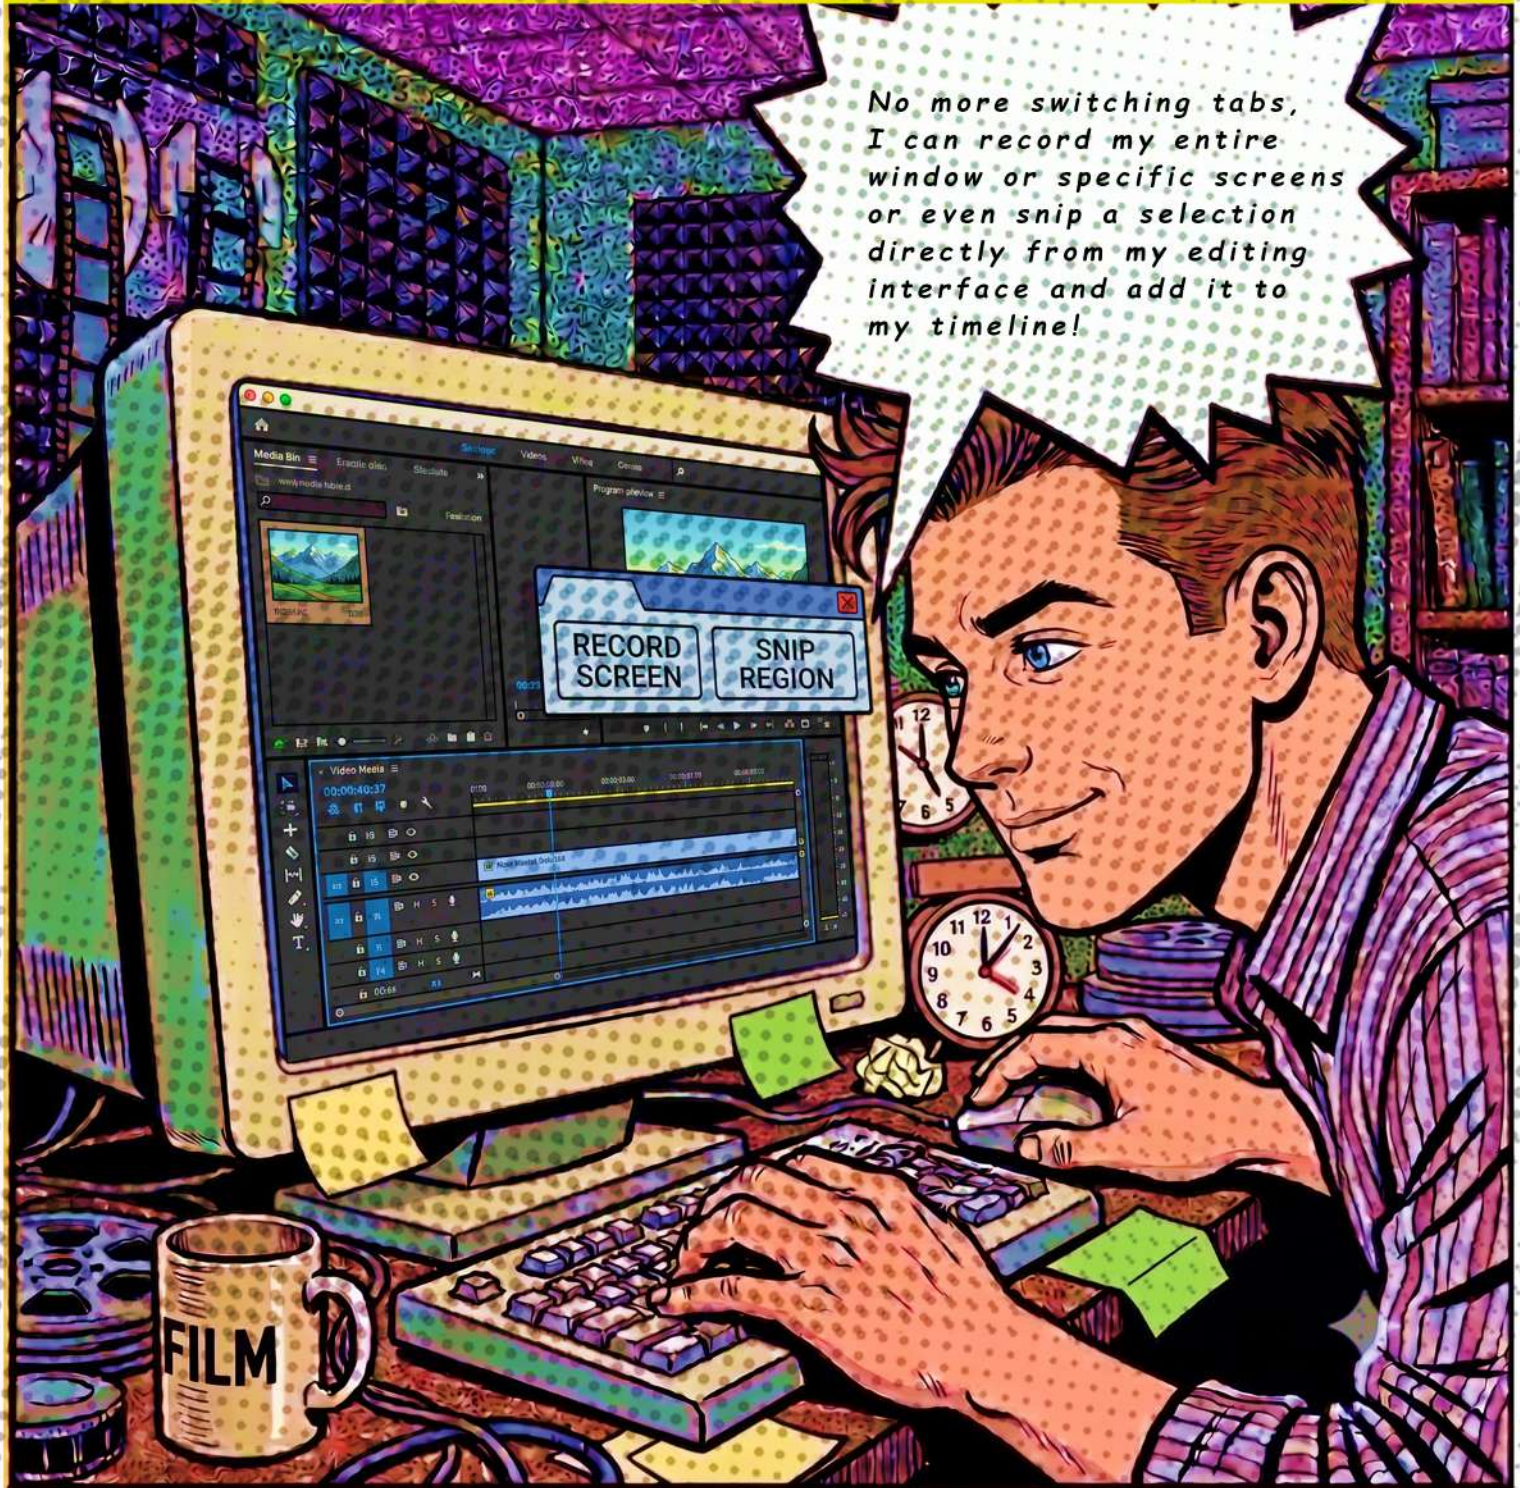

What a great time
to be alive...!
I can now simply
copy and paste
images and even GIFs
directly into my timeline,
and that too in my exact
playhead position,
in seconds...

JUST COPY
THE IMAGE
OR GIF THAT
YOU WANT
AND PASTE
IT DIRECTLY
INTO YOUR
TIMELINE

IT'S A BRAND NEW DAY WITH BRAND NEW WORK

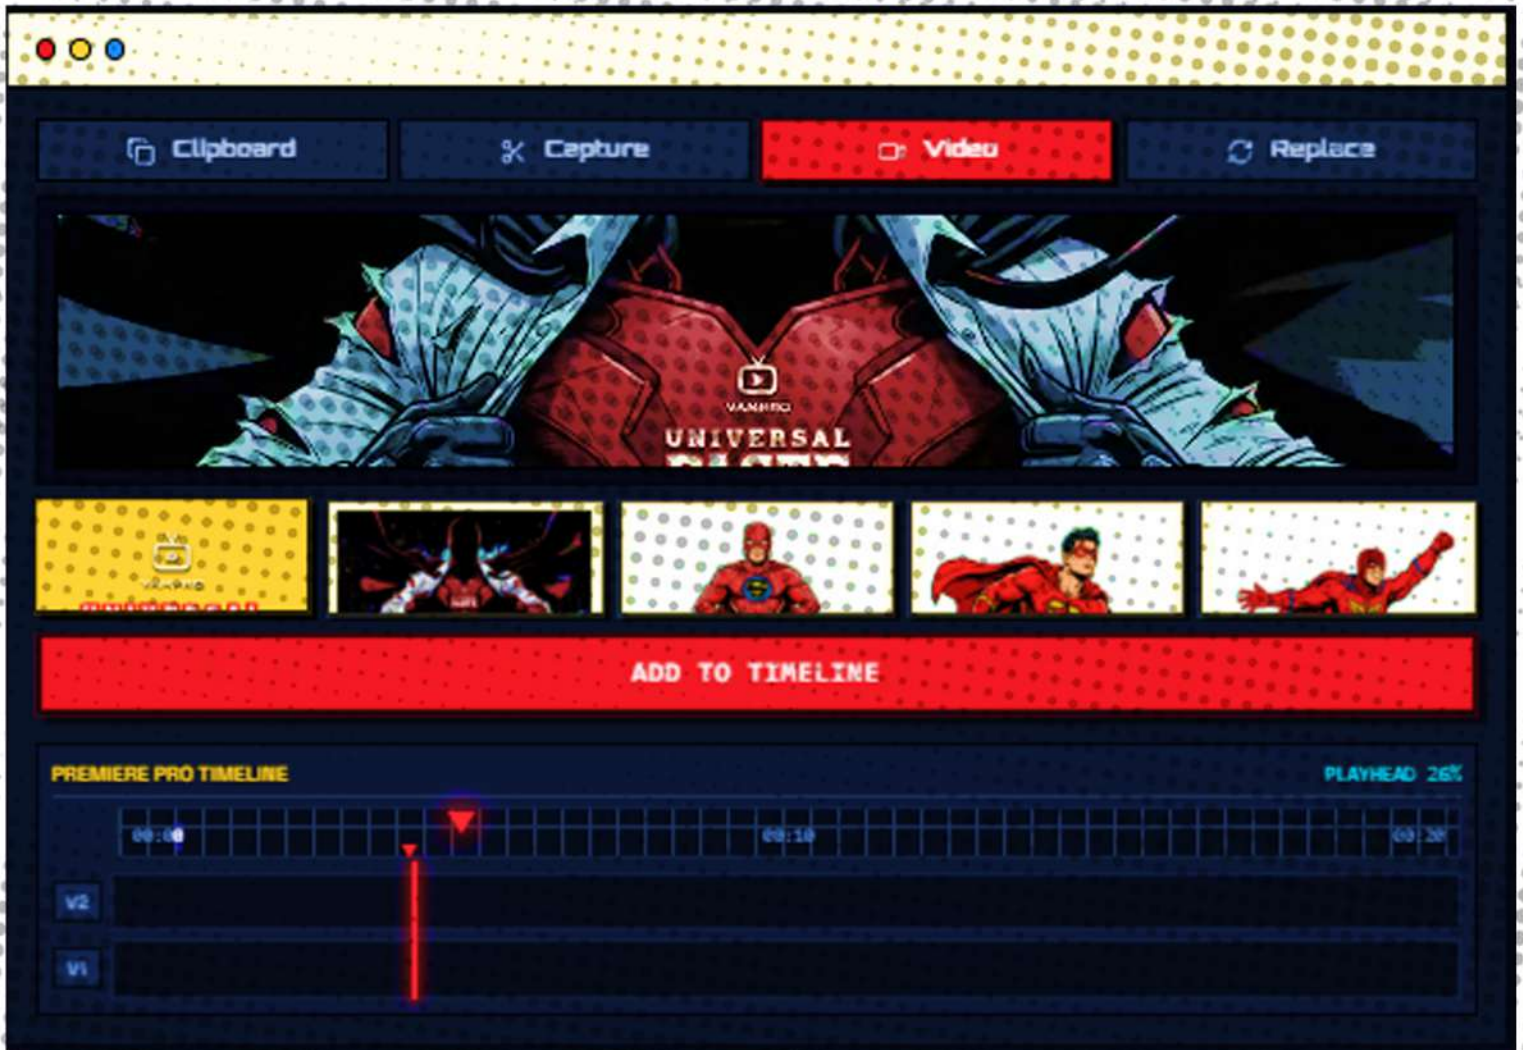

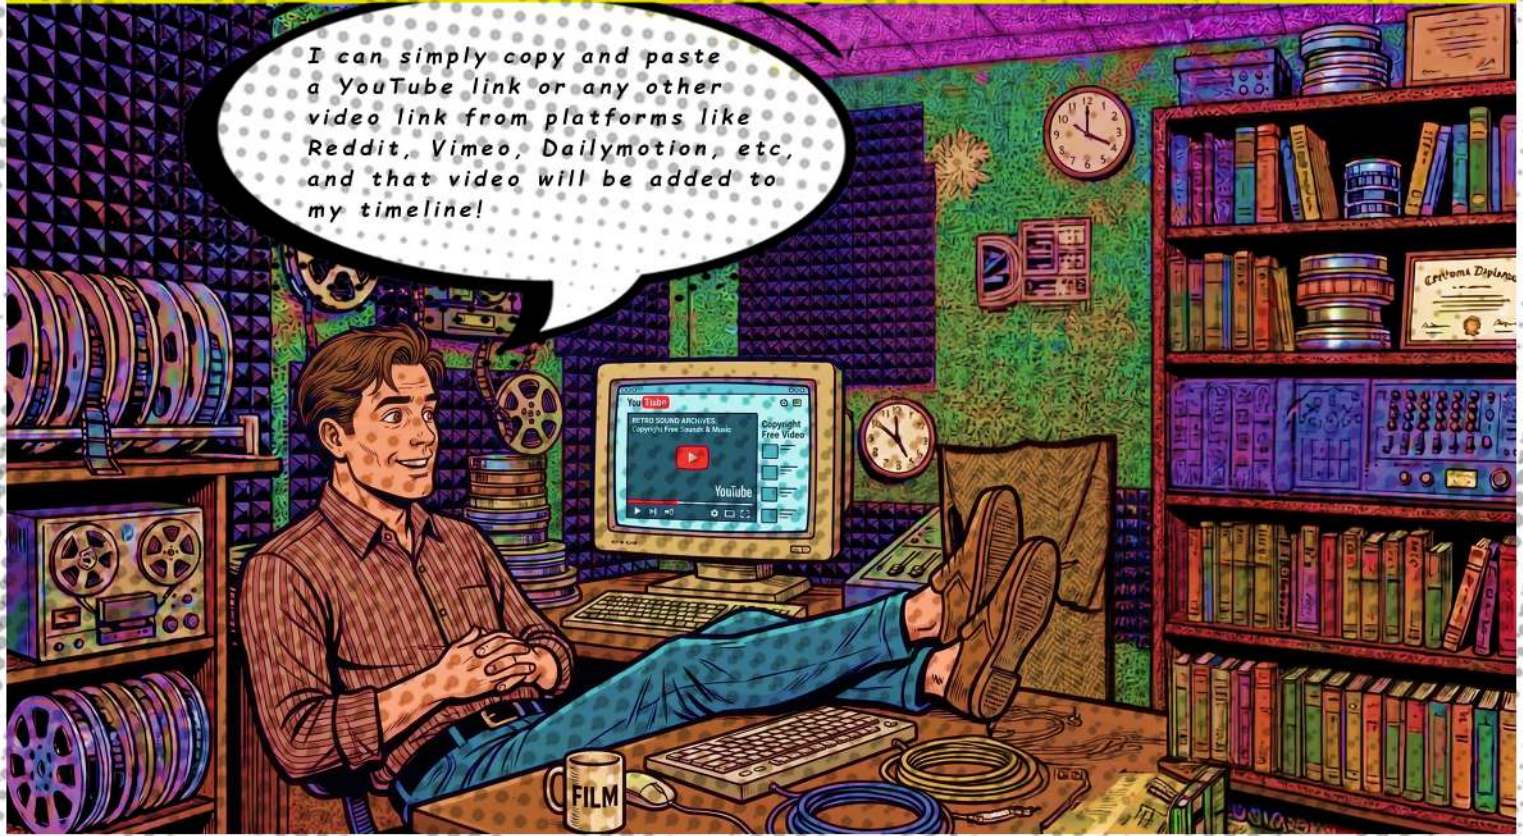

No more switching tabs,
I can record my entire
window or specific screens
or even snip a selection
directly from my editing
interface and add it to
my timeline!

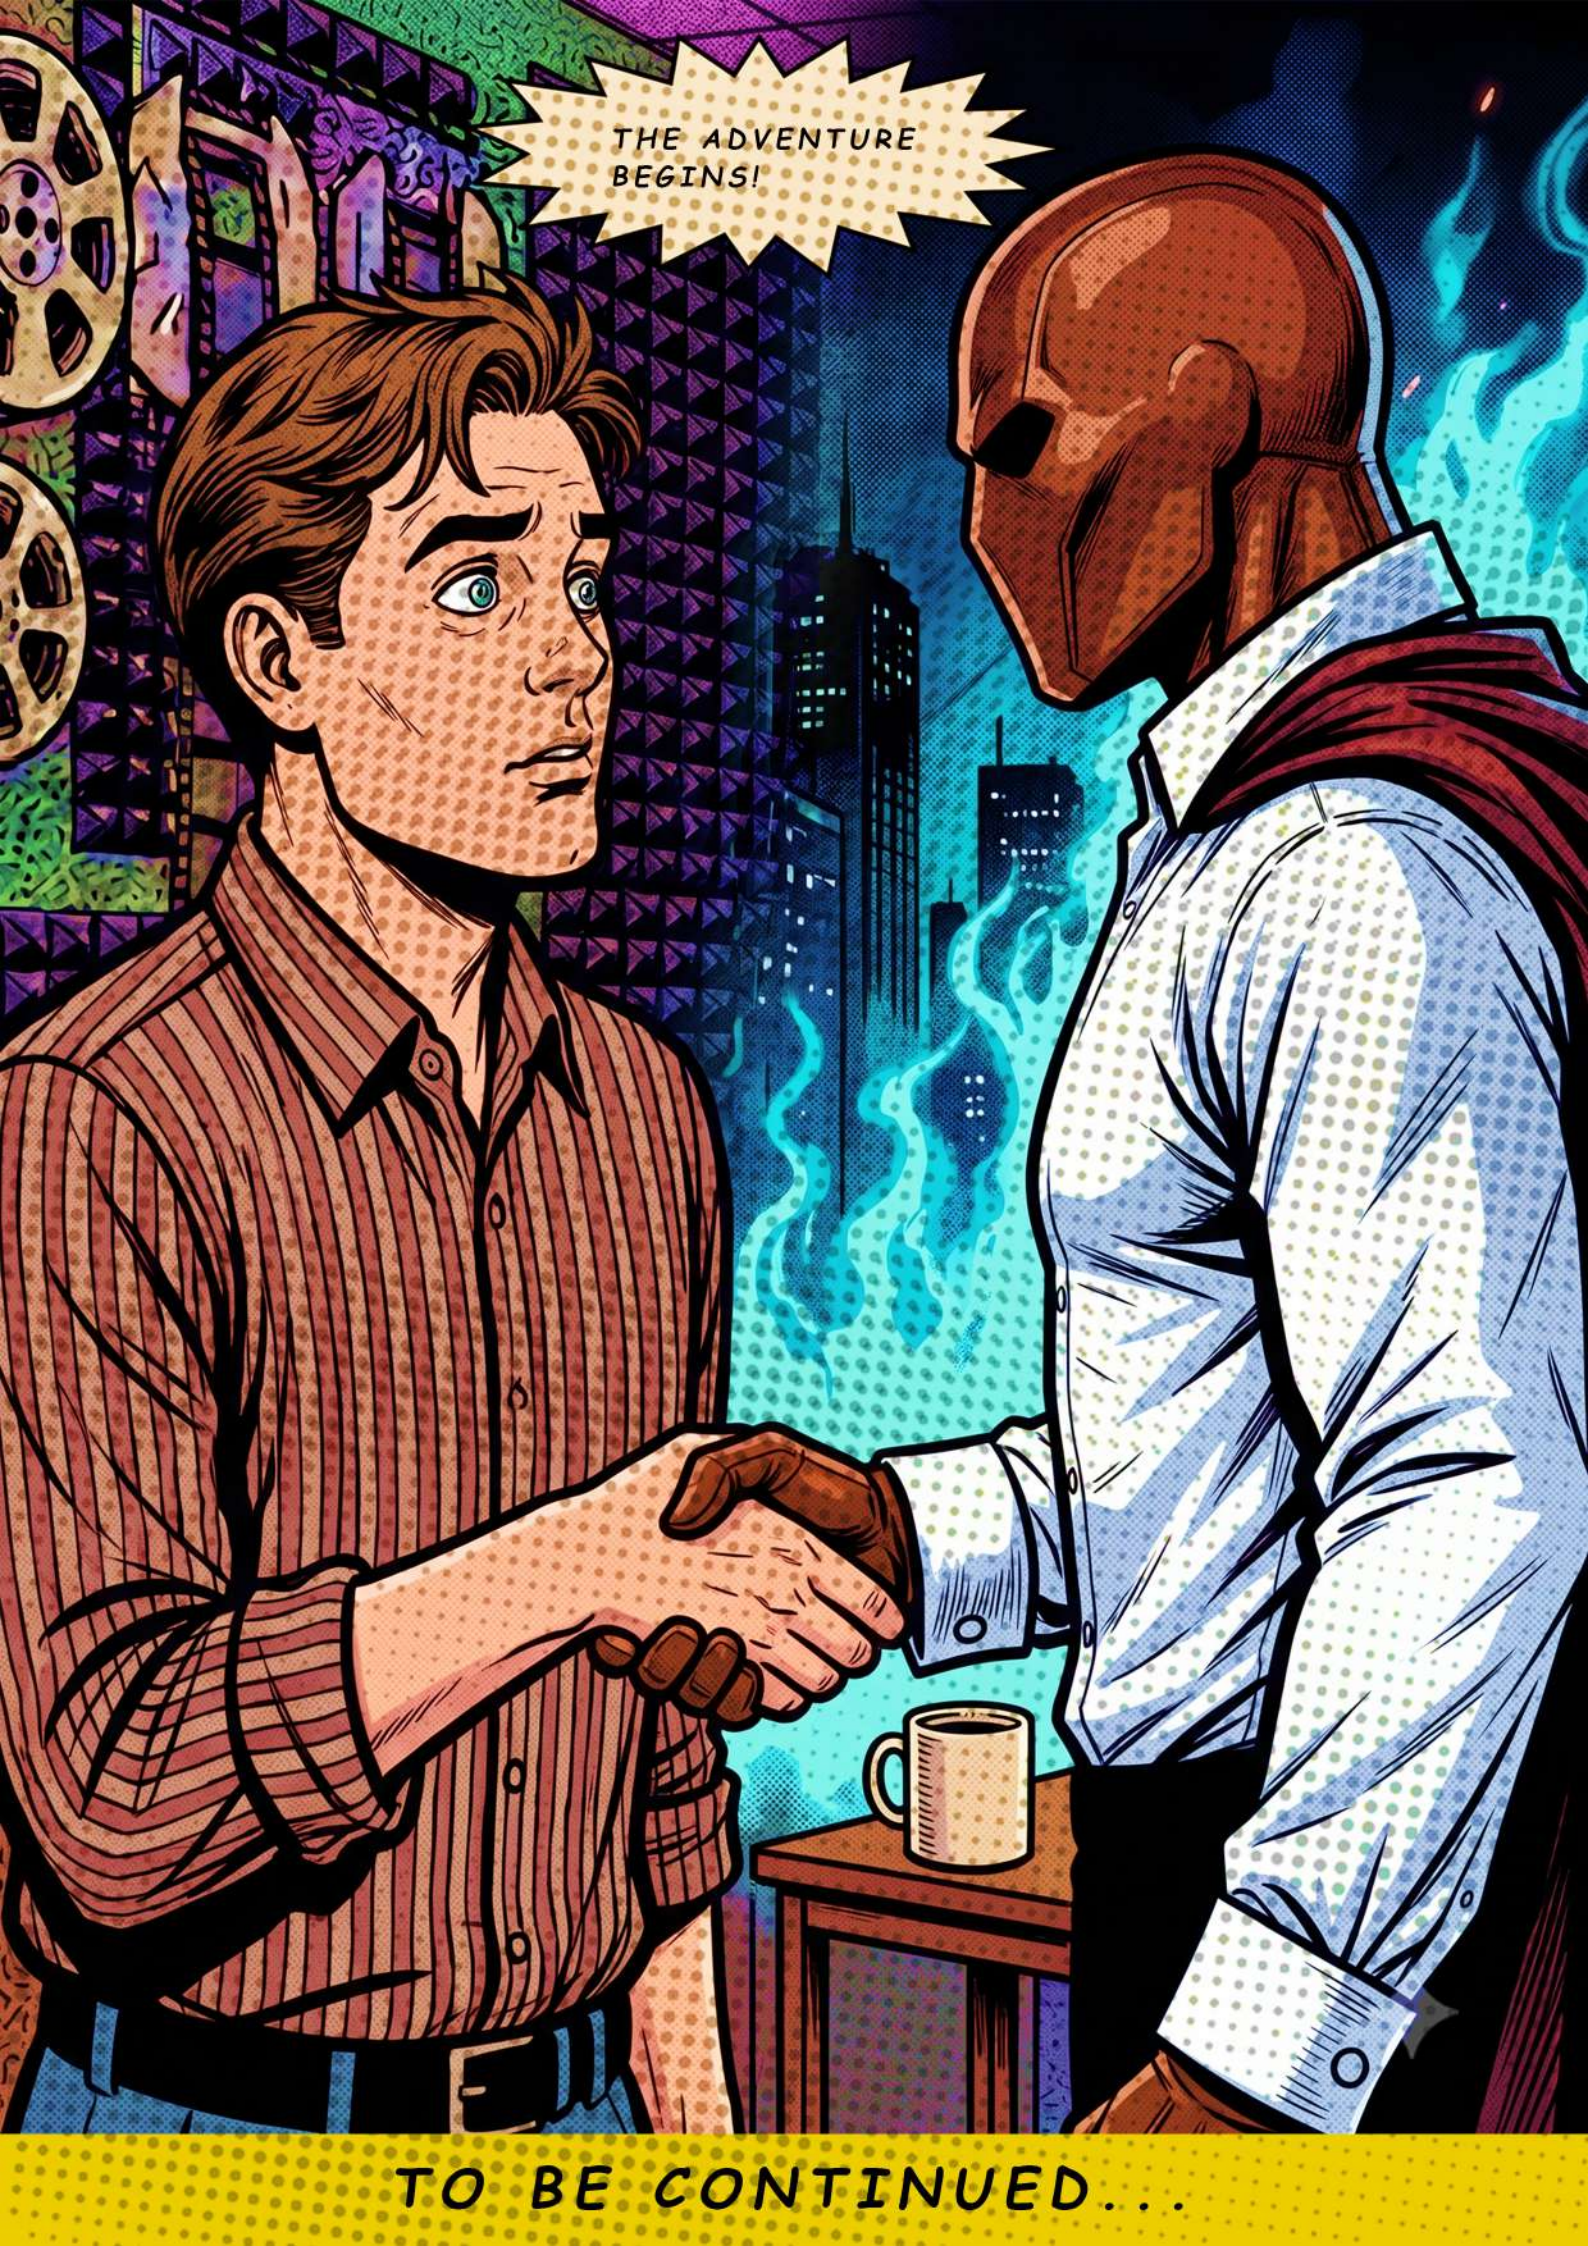

RECORD YOUR
ENTIRE SCREEN
OR TAB OR
EVEN SNIP
A REGION
AND ADD IT
DIRECTLY INTO
YOUR TIMELINE

IT'S A BRAND NEW DAY WITH BRAND NEW WORK

I can simply copy and paste a YouTube link or any other video link from platforms like Reddit, Vimeo, Dailymotion, etc, and that video will be added to my timeline!

SIMPLY COPY A VIDEO LINK (YouTube, Reddit, Vimeo, etc) AND ADD IT DIRECTLY INTO YOUR TIMELINE
